The Chicago *Northwestern Lumberman* says as follows:

#### CHICAGO.

AT THE YARDS.—The volume of demand since April 1 has fallen off about one-fourth from the average in March, though trade is still active, and the district presents a busy appearance. The slight curtailment of demand must not be taken as an indication of anything discouraging, or of a coming dull season. The truth is that March was an extraordinarily good month for the trade, the demand almost swelling to the proportions of a boom. This rush of business followed as a natural consequence of a dull winter, blockaded railroads and a cessation of building on account of the cold weather. When there was a let-up in the conditions there was a rebound from stagnation, country yard dealers put in supplies for the early spring trade, and a winter's and part of a spring's movement were crowded into one month. It is not surprising, then, that there is an apparently slight drop in the requirement since April came in. But it must be borne in mind, while we recognize the fact of a falling off from the March movement, that even now a larger average is going forward than there was in April of last year. This is proved by comparing the figures of last April and the present one, to be found in several of the leading houses. As a matter of general observation, March is a better month for trade than April, taking one year with another, with the exception of years like 1881, when deep snows blockaded the railroads in March. It is safe to assume, then, that the current volume of trade is larger than it was last year at the same time.

There is nothing noteworthy to record concerning prices. Between yards the purchaser generally finds stocks that are growing a little scarce tending to firmness; but the more sluggish sizes and grades are quite freely shaded. Prices to the country trade, while not noticeably either weaker or stronger, are variable, according to the local competition, the instructions to the traveling man, and the terms of the sale. There is generally prevalent an easy-going disposition about prices, within certain limits. It is still openly alleged by some that the "official list" is freely cut, while others deny that it is shaded below about 50 cents. The traveling men report a damaging competition from Mississippi river markets, while the valley dealers retort in kind. It would require an arbitration committee to settle the difference of statement between the rival sections.

The demand for hardwood lumber is growing somewhat, as the season advances, but it is doubtful if there is much improvement on the whole. The trade in fluming lumber and stuff for agricultural implements and wagons is good, and promises to increase. Many of the manufacturers of the latter goods feel much elated over the prospects. In addition to the general domestic demand there is certain to be a large amount of the American make of implements and wagons supplied to Canada, particularly through Manitoba and the Northwest Territory.

In other directions there continues to be extreme dullness. The furniture business is unable to shake off its stagnation, and both walnut and whitewood seem more depressed than a week ago. Prices in these woods are very weak, but cannot well go lower. Offers of both are numerous.

Some desirable sizes in cherry and oak fluming lumber are in demand.

Gum is gaining ground as a finishing lumber. One dealer, whose specialty is walnut, reports having sold more Arkansas gum since January 1 than walnut. It is used considerably also for certain poles, wall-

pockets and cheap picture-frames. It has not come into favor as furniture lumber. Its warping tendency is not the only point to its disadvantage. Before being oiled or otherwise finished it is a very modest wood, and does not show to great advantage in furniture which is sold unfinished or in the knock-down state, as is a great proportion of the Chicago product. Notable sales are a scarce commodity. Everybody in the trade reports business as much scattered and in small lots. There is really comparatively little car-load business done in the city, while some of the big sales that are occasionally talked about turn out to be mere humbugs.

About the only sale of consequence mentioned this week is one of 100,000 feet of good ash lumber, and 100,000 feet of box-boards, at nearly the top notch of quotations. There is no such weakness in box-boards as in other whitewood. The very choice grades in different kinds of lumber are rather hard to secure in desirable sizes, and are decidedly firm.

LUMBERMAN AND MANUFACTURER,  
MINNEAPOLIS, MINN.

The week has been without exciting events in the lumber world save the rumor of the pool between the Chicago railway lines and the Omaha Lumber Line by which Chicago had secured the same rates as those given from the river cities to the Missouri river points. Exactly what has been done we have been unable to learn from authentic sources.

### FOREIGN.

The *Timber Trades Journal* says as follows:

#### LIVERPOOL.

The past week has been a quiet one so far as the amount of business done in sales to the country is concerned, the demand having fallen off in nearly every article. This is a state of matters somewhat unexpected, as most people recently were of opinion that, with the easy condition of the money market and the favorable turn in the change of the weather, building operations would exhibit much more animation, and consequently there would be a corresponding degree of liveliness in the timber trade. These anticipations, however, have not been borne out by the course of events, but the reverse has occurred, and this too in the face of moderate stocks of all kinds of building timber. With the exception of Norwegian prepared flooring, of which ample supplies have come forward freely, the stocks on the spot are much upon the same footing as those of last year, which were regarded as being light.

In addition to this, the continued scarcity of sailing tonnage is making itself felt more acutely every day, and owners of vessels are holding out a advanced rates of freight, especially from the pitch pine ports and from Canada—in fact, greatly enhanced rates have been paid for the former; but though some advance has been made in sales on a cost, freight, and insurance basis, it has not been equivalent to the increased cost to the shipper.

The price of spruce deals does not advance as one would naturally expect it to do looking at the moderate stock held in first hands in Liverpool, nor does there appear to be any strength in the demand from the country districts and large manufacturing centres.

#### GLASGOW.

The sale of Mexican mahogany, result of which is noted below, brought together a large company, and competition was unusually brisk. A high average price was obtained. The cargo consisted chiefly of small sizes, and the few large logs which it contained brought extreme rates.

There has been an extreme scarcity of mahogany here, and the small cargo just sold has not nearly supplied the present wants of the market. There was a very good demand for the American black walnut sold on same day. Average rates obtained are shown below.

From the appended statement of stocks it will be seen that the quantities on hand at present of the various descriptions of wood goods are comparatively moderate. The consumption of Quebec log timber during the past three months amounts to about 13,000 logs pine and 3,500 logs oak, elm, and birch, which, as compared with corresponding period last year shows an increase in pine of about 3,500 logs, and in hardwoods a decrease of 1,100 logs.

The quarter's consumption of pitch pine apparently amounts to 7,000 logs, and the imp rt during same period has been three cargoes, equal to 3,023 logs. There is still a considerable stock on hand. The stock of Quebec yellow pine deals consists principally of third quality, the quantity of first quality being comparatively small. A cargo of Mexican (Minatitan) mahogany, consisting of 365 logs, measuring 96,794 sale feet, sold at an average of 7.9-32d per foot, prices ranging from 5 1/2d. to 1s. 2d.; also by auction the undernoted deals, &c.: Quebec 1st yellow pine deals—12 feet, 11x3, 2s. 8d. and 2s. 8 1/2d. per cubic ft.; do, 10x3, 2s. 6d. 1/2; do, 9x3, 2s. 5 1/2d. 1/2; do, 8x3, 2s. 4d. 1/2. Quebec second spruce deals—9 to 11 ft., 10-16x3, 11d. per cubic ft.; 15 and 16 ft., 9x3, 11d. do; 2 logs chestnut (473 cubic ft.) 1s. 5d. do; 8 logs hickory (450 do) 1s. 9d.; oak planks, 11 to 21 1/2 ft., 12x5, at 2s 0 1/2d.; also a parcel of 751 gs American black walnut (17 1/2 in. average square), at 1s. 1d. to 7s., averaging 5s. 11d. per cubic ft., also 17 logs at an average of 5s. 9d. do.

### METALS—COPPER—Ingot has been dull and tame.

Notwithstanding the large amount sold for export, the impression current is that supplies must continue liberal in view of the free product, and comparatively light home consumption, and buyers in consequence move indifferently, with a constant effort to work down cost. The depressing attempt is not altogether unsuccessful, and while the best brands of Lake are held at 16c., others appear to be available 1 1/2c. less and 1 1/4c. 1/2c. it is intimated would buy some of the Western brands. Manufactured Copper finds only a moderate and more or less uncertain demand, with values to a certain extent nominal, though alleged "list rates" are seldom exacted. The production is careful, but stocks are full. We quote nominally as follows: Brazier's Copper, ordinary size, over 16 oz. per sq. foot, 30c. per lb.; do do do, 16 oz. and over 12 oz. per sq. foot, 32c. per lb.; do do, 10 and 12 oz. per sq. foot, 31c. per lb.; do do, lighter than 10 oz. per sq. foot, 36c. per lb.; circles less than 8 1/2 inches in diameter, 33c. per lb.; do 8 1/2

inches in diameter and over, 36c. per lb.; segment and pattern sheets, 33c. per lb.; locomotive fire box sheets, 30c. per lb.; Sheathing Copper, over 12 oz per square foot, 27c. per lb., and Bolt Copper, 30c. per lb. Iron—Scotch Pig develops no change of a decided character. Supplies, as a rule, are held at about former rates, but the market is a weak one to sell upon, and any attempt to force business would compel quite a shading on cost in order to insure success. We quote at \$21 1/2@24.50 per ton, according to quantity, quality, etc. American Pig has been called for in small lots almost exclusively, and buyers refused to be tempted into any more extensive terms of operations, but the aggregate of sales makes a reasonably full business. Prices on old and well established brands quite fairly maintained, but "off" grades, etc., show irregularity, with a general tendency in buyers' favor. We quote at \$23.00@24.00 per ton for No. 1 X foundry, \$21.00@21.50 for No. 2 X do do, and \$20.00@21.00 for gray forge. Rails have shaded a trifle further on cost, and in consequence secured somewhat better sale with about 50,000 tons recently gone under contract at \$30@39 for steel. The market, however, is not a sharp one, and manufacturers are in a position to meet many additional calls. Old Rails have been held quite steadily, but not meeting with much demand of late. Scrap iron in moderately active demand, and showing no important change in price. We quote rails at \$38@39 for steel, according to delivery. Old rails \$24.00@28.00 per ton; Scrap, \$25.00@26.00. Manufactured iron meets with some attention on the usual run of trade orders and there is also some call for deliveries on future contracts. Prices range in a general way about as before, but are lacking in strength and uniformity. We quote Common Merchant Bar, ordinary sizes at 2 1/2@2 1/2c. from store, and Refined at 2 1/2@2 1/2c.; wrought beams at 3 1/2@4 1/2c. Fish Plates quoted at 3.0@3.1c.; track bolt and nuts, 3 1/2@3 1/2c.; railway spikes 3 1/2@3 1/2c.; tank, 3 1/2@3 1/2c.; angle, 3 1/2c.; best flange, 3 1/2c. and domestic sheet on the basis of 3 1/2@4c. for common Nos. 10@16. Other descriptions at corresponding prices, with 1-10c. less on large lots from cars. LEAD—Domestic Pig has shown a somewhat unsettled tone, though as yet making no decided change on the general line of values. The demand for consumption was moderate, and in the form of jobbing lots, but few indications of a speculative element prevailed. We quote at about 4 1/2@4 5/8c. per lb., according to brand and the size of invoice handled. The manufactures of lead are steady and quoted: Bar, 6 1/2c.; Pipe, 6 1/2c.; and Sheet, 7 1/2c., less the usual discount to the Trade; and Tin-lined pipe, 13c.; block tin Pipe, 35c., on same terms. TIN—Pig sells fairly on consumptive orders, and the general home market is in very good shape. The conflicting and feverish advices from abroad, however, have a tendency to unsettle the tone somewhat, and sudden fluctuations are not improbable. We quote at 21@21 1/2 for Straits and Australian, 21@21 1/2 for English L and F, 21 1/2 for English Refined and 21 1/2@22 for Billiton. Tin rates do not secure very general attention, nor do buyers appear at all inclined to anticipate their wants, the run of business embracing in the main small parcels for quick consumption. Supplies, however, remain under such control as to prevent pressure to realize, and values on most grades are about steady. We quote 1 C. Charcoal, third cross assortment, \$5.80@6.25 for Allaway grade, and \$5.50@5.75 for Melyn grade; for each additional X add \$1.25 and \$1.50 respectively; 1 C. Coke, \$5.12@5.15 for B. V. grade; \$5.50@5.45 for Derwent and A. B. grade; Charcoal, torne, \$6.35 for Allaway and lean grades, 14x2, \$10.12@10.3 for do, 20x25, Coke torne, \$1.60@1.80 for all sizes grade 14x20, and \$9.75@9.80 for 20, 25x8—all in round lots. Splitter shows a fairly steady tone, the demand proving very good and desirable. Supplies under such control as to prevent pressure to realize. We quote at \$4 1/2@4 3/4 as to broad etc. Sheet Zinc has been moderately active and fairly steady in tone, with rates named at 6 1/2@6 3/4c., according to quality, etc.

NAILES.—The general market continues unsettled owing to the difference in price ruling on jobbing and manufacturers' offerings. The latter again quote at the "list" figures, but the former sell at a very material reduction, with \$3.15 per keg for 104 to 604 as about the top, and \$3.05 accepted on car lots. There appears to be a pretty good business doing, and in addition to the full amounts taken for home orders, exporters have handled considerable stock.

We quote list rates at 10d to 60d, common fence and sheathing, per keg, \$3.30; 3d and 6d, common do., per keg, \$3.90; 6d and 7d, common do., per keg, \$4.90; 4d and 5d, common do., per keg, \$4.15; 3d per keg, \$4.90; 3 1/2, fine, per keg, \$5.60; 2d, per keg, \$5.00. Cut spikes, all sizes, \$3.65; floor, casing and box, \$4.15 @4.9; finishing, \$4.40@5.15.

Clinch Nails.—1 1/2 inch, \$5.50; 1 1/4 inch, \$5.25; 2 inch \$5.40; 2 1/2 inch, \$5.15; 3 inch and longer, \$4.90.

PAINTS AND OILS.—Business has probably made only a very slight increase over last week, if any at all, but still holds its own and there is a fair general undertone current on the market. The call is taking a reasonably full scope as regards assortments required, but a good solid line of standard goods is the feature of pretty much all invoices. On values, the tone is steady, but without indications of buoyancy, sellers preferring to take no risk of hurting the demand by attempting an addition to cost of goods. For linseed oil a steady market has been preserved on the small lots changing hands, but the outlet was hardly full enough to warrant any fuller offering, except at shaded cost. This necessity, however, sellers were unwilling to accept. As we close, the quotations stand about 56@58c. for domestic, and 59@61c. for Calcutta from first hands.

PITCH.—A light movement of stock has satisfied most calls, and the market, as a whole, had a quiet tone. Offerings, however, kept within limits and values were preserved. We quote at \$2.25@2.30 per bbl. for City, delivered.

SPIRITS TURPENTINE.—Demand has shown about the usual form and volume, and few, if any, new features are to be noted. Present supplies seem to be fairly controlled, but owners inclined to negoti-

ate on all really good bids and miss no opportunity to close sales. There has been no indication of a speculative feeling. As this report is closed, the quotations stand at about 48¢-49¢. per gallon, according to quantity handled.

TAR.—Business has shown no tendency to either increase or decrease, just about the usual trade movement taking place and buyers and sellers agreeing upon former rates without much difficulty. We quote \$2.75@3.00 per bbl. for Newberne and Washington, and \$2.87½@3.25 for Wilmington, according to size of invoice.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded. Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## MORTGAGES.

*Note.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.*

*Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.*

## MORTGAGES.

*Note.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general duties used as headings are the duties when the mortgage was handed into the Register's office to be recorded.*

*Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.*

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.
